

Billionaire God of War Novel Chapter 41 To 45

Chapter 41

He didn't stay at the construction site anymore. He explained that the dog was staring and drove away, then went to the mall to pick up Emma's mother and daughter.

...I

don't know how long I haven't been shopping.

The skirts on Cynthia's body have been worn for several years, and she is not willing to buy new ones.

"Mom, I've seen several of them, don't you like them?"

Emma shrugged helplessly. "Now there are no discounts on the clothes just last season."

She knew that Cynthia was looking for a discounted store and bought two. Cheaper clothes will do.

"Look again, there will always be."

Cynthia smiled.

If the family is not rich, she still has to leave money for Logan to treat her disabled legs.

Emma really felt a little uncomfortable.

When Cynthia was young, she was also a school-level beauty. Not long after she got married, Logan was in a car accident and crippled, and as their family deteriorated, Cynthia never dressed herself up again.

Even clothes are rarely bought again.

"Mom, this one! I saw a few pieces for you!"

Thinking of this, Emma couldn't help but say, pulling cynthia into a brand store.

Even if she spends her monthly salary, she will buy cynthia two beautiful clothes.

"Emma, this is a famous brand! Expensive!"

cynthia lowered her voice and pushed away and turned to go out.

Just look at the price of one item, they are all thousands of dollars, too expensive!

"It's okay, let's take a look. Let's talk about it."

Emma pulled cynthia.

"Miss, if you can't just buy it, please don't crumple your clothes."

At this time, a waiter with thick makeup came to the front desk with a smile on her face, but it was difficult to say, "It will affect our second sale."

She has seen more such people.

I just came in and couldn't afford it. I reached for it and tried it on again. It was crumpled and I had to iron them again.

Hearing the words, cynthia blushed, a little embarrassed.

Emma was really angry: "Why are you talking like this? Isn't the clothes put out to be seen and tried?"

"And, if I want to buy it!"

"Miss, if you want to buy it, you can try it, but, Can you take out the money first?" The

waiter raised a contemptuous smile in his mouth, especially when he saw the skirt on cynthia's body, and the cuffs still showed signs of sewing. , Can't afford it at all!

Emma was really angry. For the first time, I heard that if you want to buy clothes, you have to take out the money first.

This waiter, looks down on people!

“Emma, forget it, let’s go.”

cynthia didn’t want to argue with others. For a short while, it was too impulsive to spend thousands of dollars to buy a dress.

“Yeah, you can’t afford it or leave. It’s good to give you a glance.” The

waiter’s face showed a sneer. “This is the latest model this year. Go back to Taobao to see it. The high imitation should come out soon “The

implication is that Emma came to the store to look at the style, and then went to buy imitations.

Really thought she couldn’t see it?

“You!”

Emma was really angry.

“Your manager! I want to complain to you!”

She would not swear, otherwise she really wanted to scold the waiter severely, where is there such a business.

“Miss, can you complain to me if you can’t afford clothes? It’s not that I can’t afford you.”
The

waiter’s voice attracted the attention of several customers at the door. “Our store is a global chain and the store’s key store. You are in the wrong place. Are there any discounts downstairs? You can go there and see.”

“Okay, don’t waste my time, please go out.” The

waiter directly issued a guest order!

Emma shivered with rage.

She hasn’t seen such an unqualified waiter, what attitude is this!

cynthia was equally angry. She was just not willing to afford it, but she couldn’t afford it, but the other party looked down on her mother and daughter like this.

“Wrap all these clothes.”

Suddenly, there was a voice behind him.

Chapter 42 Who Said I'm Buying It?

Emma really looked around and Andrew was coming!

Seeing Andrew, Cynthia suddenly felt emboldened.

“Andrew!”

Emma really bit her lip, her face full of grievances, why is she always being bullied.

Andrew nodded, turned and looked at the waiter, “I did not hear what I let you put all the clothes all wrapped up?!”

The waiter hesitated: “? All wrapped up”

the entire store's clothes, add up to tens of available Million!

What a joke?

Without talking, Andrew pulled out the black card directly from his pocket and shook it gently. The waiter's eyes lit up suddenly.

A vanity woman like hers, where would you not know the black card, even if it is not eligible for use, but every day looking forward to seeing this card!

Unexpectedly, this man is so rich!

“Yes, yes! I wrap it up immediately!”

She immediately frowned, and met this kind of big money, especially the man who wants to pretend to be in front of the woman, she is happier than anyone else, make you proud, you can take it yourself To many commissions, she doesn't matter!

The waiter ran in quickly, took out dozens of clothing bags, and began to pack with his hands and feet briskly. The excitement on his face was unabashed.

Hundreds of thousands of clothes!

Her achievements have reached 20,000 or 30,000!

The people around me who were all around were also stunned, all wrapped up? It's too rich.

It seems that the waiter kicked the iron plate. When he met a local tyrant, his face was really crackling.

But the waitress didn't seem to matter. As long as she could get the commission, she had already practiced this point since she had already practiced it.

"Andrew..."

cynthia knew that Andrew was venting for himself, but he bought so much at once, and he didn't try it. It was too wasteful.

She knew that Andrew had money, but could not spend money for herself like this.

"Don't be impulsive."

Andrew said nothing.

Emma really looked at Andrew and wanted to persuade Andrew to stop impulsive consumption. Now that she calms down, she also thinks that this woman may have deliberately used aggressive methods.

But she was not reconciled.

I am in a good mood to accompany cynthia to go shopping, but I still have to be laughed at!

"Sir, it's all packed! A total of 32,084, swipe your card here!" The

waiter moved very fast, fearing Andrew would calm down and regret it, he quickly put all his clothes on, and didn't even care if it was a mess Wrinkled.

"What card?"

Andrew glanced at her, "Who told you that I want to buy it?"

Oliver, not only Emma and Cynthia, but also the lively people around, the waiter was also stunned. Living.

She was sweating so much that she had worked hard to wrap up her clothes, but Andrew didn't buy it?

"You, don't you mean, wrap all your clothes?" The

waiter twitched his eyes, staring at the black card in Andrew's hand.

"Yeah, you are not allowed to try, touch, or buy? Then don't put it out and wrap it up."

Andrew finished, put the black card in his pocket, took Emma's real hand, turned around and left, "Let you bring your mom to buy clothes. Why do you even enter this kind of store?"

"A few thousand pieces of clothes. Are these clothes worthy of my mom? Let's go to the house opposite."

"..."

People around are stupid.

The waiter was also stupid and almost vomited blood!

Andrew played her!

Treat her like a monkey!

Watching the lively people around is simply watching the monkey show!

She was so mad that she stomped her foot hard, and she had wrapped the entire store, and now she had to take it out again, all flattened one by one.

Andrew didn't care about her, and took Emma to the shop opposite.

Obviously, the grade of this store is higher.

"This one, this one, this one, and this one are all taken down and given to my mother to try."

Andrew had a great vision, picked a few at once, and threw the card directly to the waiter. Wan, I didn't buy 200,000. Mom, you are not allowed to

leave today." The waiter's eyes lit up and immediately received the card respectfully: "Okay, sir!"

"Andrew..."

Now, Emma and Cynthia, But I'm a little embarrassed.

In particular, a lot of people outside looked at this side, and it seemed that Andrew was here to play tricks.

Chapter 43: Brother, do you still need to carry bags?

But they know that Andrew is really not bad.

"Mom, don't worry, try the clothes."

Andrew smiled and gently pushed Cynthia into the fitting room.

Emma groaned: "Andrew, my mother told you not to spend money."

"Wife, you are so stingy."

Andrew glanced at Emma. "Buying clothes for our mother and asking to spend money messily?"

Emma blushed. , What is this, how to make me stingy, I am not... not as rich as you.

Cynthia changed clothes and came out, Emma was dumbfounded.

"Mom, it's so beautiful!"

Cynthia was pretty when she was young. She had always been on the ground. People leaned on clothes, and when they put on exquisite new clothes, the whole temperament suddenly appeared.

"It's so beautiful!"

Andrew couldn't help but admire, "My mom is beautiful, dad is really blessed!"

cynthia blushed, praised by her children, she was a little embarrassed: "Is it really beautiful?"

"Good-looking!"

Andrew Said, "I promise that when Dad sees it, he will have a nosebleed."

cynthia's face was even redder like an apple, full of charm.

When they came out of the store, the waiter grabbed the handbag with both hands and delivered it to each other personally. How dare they let Andrew carry a dozen bags by himself for such high-quality customers.

"Don't go to work today, I hired you to carry bags for me, is 10,000 dollars enough?"

Andrew thought, and also had to buy clothes for Emma and Logan, as well as cosmetics and maintenance products. It seems that carrying bags alone is not enough.

As soon as he turned his head, the people behind him ran over.

"Brother, do you still need to carry the bag?"

Andrew felt the need to change cars.

This is what breaks BMW, and the trunk is too small.

Back at the community, cynthia's face was slightly blushing, and he stepped into the house first. Andrew and Emma slowly sorted out the things in the car and entered the house.

"Click."

Hearing the door open, Logan, who was resting, looked up: "Wife, are you back?"

When he saw cynthia who came in at the door, the whole person suddenly froze.

Even breathing was stagnant.

A pair of eyes wide open, it is totally a stunning feeling!

“Look, see what, look at me like this.”

cynthia’s face was even redder. “I didn’t change my clothes.”

Logan took a deep breath, and his eyes burned with flames for a moment: “My wife, you are so beautiful!”

cynthia even had a red neck.

“A handful of old, what nonsense!”

She took a sip, heard Andrew behind them came in, and ran into the house, “I went into the house to change clothes!”

Andrew carried dozens of bags in his hand, watching Logan was dumbfounded.

“You guys are...”

“Slightly buy something.”

Andrew smiled, “Dad, I bought you a few suits.”

“You kid, what do you waste money for me, what suit do I wear now...”

“Mom chose.”

Andrew blocked Logan’s mouth. “Wait for you to try later.”

Then, it’s also maintenance products, cosmetics, and some Logan don’t know. What is it.

When he saw a small object, he blushed suddenly. Why did Andrew even buy this thing?

Has he and Emma already reached that step?

too fast!

“Dad and Mom, you use it.”

Andrew threw it over, Logan quickly put it in his pocket, glared at Andrew, and his face turned red when he brushed it.

“You stupid boy!”

Logan blushed and his voice was quiet.

He would also like to say that Cynthia has changed his home clothes and walked out of the house, preparing to cook for them. Logan quickly shut his mouth and asked Andrew with his eyes, when he bought this thing, he would not be taken by Cynthia. Did you see it?

Andrew answered immediately with his eyes, no.

These two men have developed a tacit understanding so quickly.

After sorting things out, Andrew entered the house and saw that Emma was lying at the table and was recording something.

He glanced over his head, a little crying and laughing.

“Are you keeping accounts?”

“Ah?”

Emma quickly covered her hands, “Why don’t you knock on the door when you come in!”

“I have to knock on the door when I enter my house?”

“In case I’m changing clothes!”

Chapter 44 Threats!

Emma groaned, some guilty.

“Then I made it.”

Andrew said, making Emma really want to hit him.

“You write down every money I spent for my family, are you going to pay me back?” “I will work hard, and then I will give it back to you one by one.”

Emma’s voice was not loud, and his confidence was obviously not enough.

She had planned this way from the beginning, but at the beginning, Andrew spent a small amount of money, but two cars cost one million, which made her a headache.

Then it was one stroke after another. She was afraid that she would not make so much money in her life.

“Anyway, I will try to pay it back! Also, don’t spend money on my family anymore, okay?”

Emma looked at Andrew pitifully, she was really awesome.

“No mess, I won’t buy it for you today.”

“You... I don’t spend your money!”

Emma really snorted, today Andrew really didn’t buy anything for her, how she feels, Andrew is Cynthia and Logan’s son, and he became a daughter-in-law.

She ignored Andrew and took it seriously in her account book, recording Andrew’s expenses today.

Anyway, she will pay it back, if she really can’t afford it... Do you want to give her a promise?

“If you want my money, you have to work hard.”

Andrew no joke, “plant there to speed up the progress of a month will be able to complete the construction, and other equipment a place, you have to prepare for a big fight.”

“So what efforts , Maybe you will pay me back soon.”

Emma turned his head and glanced at Andrew: “That’s Matthew’s property, and it’s not mine that makes money.”

“It won’t be soon.”

In Andrew’s eyes, a ray of light flashed through, making Emma stunned for a moment. He didn’t understand what Andrew said.

...The

hot spring club.

The black tiger was brought back, and the men immediately called the doctor. After an emergency operation for several hours, the legs were still not kept.

Lying on the bed, Black Tiger’s face was swollen high and his jaw was broken. He couldn’t even speak, he could only hum with his nose.

“Who beat my younger brother like this? Who is it!”

The man standing in front of the hospital bed was somewhat similar to the black tiger, but with a more burly figure.

Hearing the news of Black Tiger’s accident, Black Dragon immediately rushed from the provincial capital.

He didn’t expect that anyone in the South Estopia would dare to start his own brother!

“It’s Daniel’s man.” His

men tremble.

They knew very well that the reason why the Black Tiger was so arrogant in the South Estopia was because his brother Black Dragon was so powerful in the provincial capital that no one dared to provoke him.

“Daniel?”

Heilong raised his thick eyebrows, “

Dare to move my brother with this dog thing!” But the people who have only risen in recent years have unstable foundations and dare to cause such a big thing in the South Estopia.

He has never regarded the Fingol underground circle in his eyes. In his view, this is a small fight, not a cruelty in the provincial city, so he let the black tiger live in the South Estopia, but how can you think of the black tiger being beaten into this Look.

These legs are dead, he can't stand up later!

"Brother Long, that guy is very capable of playing." The men hesitated for a moment and then said.

Black Dragon turned his head and glared at him, his face full of cold and murderous.

Can fight?

There are more people who can fight in this world, what's the use?

Those who dare to move their brothers must die!

"It seems that I haven't been in the South Estopia all these years, and many people have forgotten, who is my black dragon, and even my younger brother dare to hurt."

He sneered, his face grimaced, and he stood standing under his hands, all shuddering. !

The black tiger is greedy for money, and the black dragon is an extreme violent man!

It was famous for fierceness more than ten years ago, and it made its reputation in the South Estopia. It was known as the first ruthless person, and was subsequently taken by people and brought to the provincial capital for development.

Now it is said that in the underground circle of the provincial city, his status is very high. Now that he is back, he is venting for the black tiger. I am afraid that the entire underground circle of the South Estopia will tremble!

"Tell Daniel, bring 50 million, come to kneel and apologize within three days, otherwise, I will kill him!"

Black Dragon growled.

"Yes!"

Soon, the news spread throughout the underground circles of the South Estopia, causing a lot of shock.

Chapter 45 A Worm

Black Dragon is back?

That first ruthless man is back?

Daniel dared to abandon the black tiger, that is the brother of the black dragon!

Don't look at Daniel's big business now, and some fame in the underground circles, but what he provokes is the Black Dragon. If his life is gone, what's the point of doing big business?

For a time, the underground circle of Fingol City was surging!

Everyone stared at Daniel. Some people were gloating and others were sympathetic to him. Everyone knew that even if Daniel took out 50 million and knelt down to beg for the Black Dragon, I am afraid he would have to lose half his life!

Food Temple Restaurant.

Andrew came and packed two dishes back, and Logan liked to eat it.

Daniel had been waiting in the Food Temple Restaurant early. When Andrew arrived, he immediately ordered the chef to make it on the spot, and he invited Andrew into the box.

"Black Dragon really came back."

Daniel took a deep breath. "He asked me to take 50 million as compensation and kneel in front of him to make a guilt."

He knew that Heilong's words could only be heard.

Even if he kneels down and takes 50 million to compensate, Black Dragon will definitely abandon himself.

This cruel man, when he was in the South Estopia, beat many people and could only bow his head.

It was because of his brother that the Black Tiger dared to rampage in the underground circles of the South Estopia. No one dared to provoke him. This time, it was planted in Andrew's hands.

"50 million, I can't take it out, and I can't take it out,"

this is Andrew's hand. He took the money to make a guilt, instead of hitting Andrew's face, "Brother, this black dragon, how do we deal with it?"

"Let He's here."

Andrew didn't care. "A worm, what are you nervous about?"

Daniel smiled bitterly.

In front of Andrew, the black dragon is just a bug, but in his view, the black dragon is not a nuisance.

Not only is the Black Dragon famous, but many things have happened in the South Estopia. What is more important is that the current Black Dragon has a certain position in the underground circles of the provincial capital.

This moving black dragon, the terror club offended the provincial capital.

He knew that Andrew was powerful, but how long Andrew had been in the South Estopia, it would be very troublesome to provoke such a powerful person at once.

"Lao Daniel, in the past five years in the South Estopia, didn't you make less money?"

Andrew suddenly asked.

Daniel nodded: "Thanks to Brother and Fei's care, I made a little

money ." "Serious business makes money, I have no opinion, but there are some unclean things, you better lose it to me."

Daniel heart fierce Jump.

Andrew narrowed his eyes, "I only remind you once, some money is hot, and it's easy to play with fire."

Daniel suddenly sweated on his forehead.

He secretly did some unclean business. He stayed in the underground circles for a long time. Some of the money was too profitable. Although it was not clean, he could come quickly.

Even if he did it very secretly, Andrew knew!

This is not a reminder, but a warning!

He suddenly thought that Andrew came to the South Estopia this time to clean up the entire underground circle of the South Estopia. Now it seems that even he is included.

“Yes! Yes! Brother, I remember, I will solve it immediately!”

Daniel immediately respectfully said.

Andrew is giving him a chance, he must seize it.

“Okay, Afei said that your nature is not bad, so give you this opportunity to cherish it.”

Andrew got up and estimated that the dish was ready, “I will help you solve that worm, you do your own thing.”

“Yes!”

Daniel respectfully said.

Andrew was carrying the vegetable and Daniel felt that his back had been wet with sweat.

Even if Andrew did not say a harsh word, Daniel could feel that anyone who was contaminated with unclean money would not end well!

Andrew came to the South Estopia, I am afraid not only for Emma, but for other purposes.

“You few, immediately throw away those businesses and exchange all the money you donated to charity!”

Daniel made a decisive decision. "To Fingol City Library, amusement park, donated to schools and hospitals. I understand it. "

"Brother, that would be a lot of losses."

" Huh , now you still want to make money?"

Daniel said angrily, "I shouldn't make this kind of hot money! I used to have a fever, do you still have a fever? Do it immediately!"

"Yes!"

Soon, the underground circle set off a storm again.
